

July was a very busy month around the Meade Activity Center despite it being one of the wettest months of the year thus far. The fitness center, pool, golf course, and tennis courts were constantly occupied over the past month. We're happy to see the facilities being utilized at such a high level, and want to thank our members and guests for contributing to the ongoing involvement of the MAC. We have many special events planned for August which you can learn more about throughout the newsletter.

On a somber note, we lost a very special person in July. James "Cricket" Morton was a wonderful man and a great friend to the MAC and River Trace Golf. He will be missed by many including my family.

*Thank you,
Aaron Greenwell*

Kroger Community Rewards

It's that time again to renew your enrollment for Kroger Community Rewards. We received over \$2,500 in donations from Kroger over the past year with only 60 families enrolled to support the MAC! Just think if we could get all of our members to participate. IT'S FREE!!! More information will be coming soon.

Monument Chemical Company Picnic

The Monument Chemical Company Picnic was hosted on Saturday, July 30th. It was a wonderful day for their staff and families as they enjoyed beautiful weather, good food, and great company. This was a fantastic opportunity for us as it does provide a significant revenue-generating special event along with increased exposure with many community members. Thanks to our staff and our members for your help in making this event a success again this year!

Red Rock Trail

We are happy to announce that the Red Rock Trail is progressing nicely. We are proud of the project and are happy to have it commemorate a wonderful person in Neil Allen. All of the Bricks that were purchased have been ordered and we will begin to lay all the commemorative pieces in coming weeks. Leadership Meade County headed the fundraising and raised over \$7,000.00 through the “Buy a Brick” campaign to help with the trail. We have plans to install some strategic fencing and gates in the next few months.

NO MOTORIZED VEHICLES ARE ALLOWED ON THE TRAIL AT ANY TIME

Thank You for your support of the MAC!
