

The first month of the summer is here and it's starting to really look like it around the MAC. Traffic has picked up immensely around the MAC and we are seeing a great amount of participation at all of our facilities. On top of that, programs are doing excellent and summer camp participation is up again this year. To our members, guests, and program participants: Thank you for your support.

## Kentucky Tax Legislation

You may be aware that in May of 2018, Kentucky legislators passed a bill that would implement a new 6% sales tax on service, labor, and access-related industries. House Bill 487 will now levy sales tax on 17 new industries that were previously exempt of charging sales tax including but not limited to:

Personal Property, dry cleaning, janitorial, pet grooming and boarding, veterinarian services, fitness and recreation facility fees and memberships, golf courses greens fees, country club memberships, extended warranties, landscaping, overnight trailer campground rentals, limousines, and bowling centers.

Beginning July 1, 2018 all places of business that offer these services will be required by law to collect sales tax on any service, labor, or access for any of the applicable items that they offer to clients/customers.

We are still working with our CPA's to determine what will be affected here at the MAC, but as of now it appears that membership, daily fees, and recreational program fees will have sales tax added beginning on July 1<sup>st</sup> of this year. We will send out email and hard copy letters outlining any expected changes for all of our members in the very near future.

## Pool

The MAC pool opened on Saturday May 26th, and we will be operating on standard pool hours for the months of June and July. **Swim lessons** begin this month and will be available in both a.m. and p.m. segments for June. The snack bar will be open again this summer. Pool hours are listed below:

## Tennis

\*\*\*New offerings for youth and adults are starting this month. Programs will include Jr. Fast Feed and Adult Leagues. Tennis courts will be reserved from on program evenings to host league play.

## Summer Camps

Registration for MAC Summer Camps is underway. We are excited to build on the success of last year's programs for our 2018 camp offerings. Information about MAC Summer programming is available on our website and on Facebook.

## **Membership**

As we approach the active season for the pool and golf course, we would like to ask our members to please bring your assigned membership cards to all facilities while at the MAC. This is how we can best determine who should be granted access to all of the available amenities. While some of our staffers are familiar with our membership base, there are many part-time staff members who do not know all the faces of our members. If they ask you or a family member to scan in, or for you to present an ID, please realize they are only protecting the privileges that are purchased by MAC members. Ultimately, we want to provide the most enjoyable experience possible while assuring that we are collecting appropriate fees from guests of our members and public daily fee users. We thank you in advance for your cooperation in this process.

## **Golf**

The golf course has come a long way in the past couple of weeks and we are seeing the fruits of our labor. We have on more project this summer to fix some turf issues on hole 3. Please be mindful of the marked signage and roped off areas.

Ryder Cup: Our team from River Trace brought home the cup against Doe Valley earlier this month! Congrats to the teams and thank you to Bob Pollock for helping to get this event together.

Golf Camp: Junior Golf Camp will be held during the week of June 25-29. Additional information is available in our Summer Program Guide. Please be mindful of our Jr. Campers during the a.m. hours that week.

\* We need to remind everyone that the golf course will only be as good as we treat it. We are seeing carts in areas that are not to be accessed. Please utilize cart paths when available and keep carts at least 50 feet from putting surfaces.

\* Please keep carts out of wooded areas and tall native grass areas.
