

The month of June was a great way for the MAC to officially start the summer. We had record numbers of member check-ins along with continued growth of guest fees at the pool and golf course. Traffic has picked up immensely around the MAC and we are seeing a great amount of participation at all of our facilities. Throughout the newsletter you will notice the different programs and special events taking place soon. As valued members, we hope you take advantage and enjoy the many opportunities that the MAC has to offer you and your families.

*Thank you,
Aaron Greenwell
Executive Director*

General Reminders

Please be mindful of your speed through the MAC parking areas. There are frequently pedestrians and golf carts around our property and we'd hate to see an accident.

To Drive a Personal/Private Golf Cart you must be 12+ years of age regardless of any other factor.

Kentucky Tax Laws

With new tax legislation from House Bill 487 (HB 487) Kentucky legislators passed a bill that implements a new 6% sales tax on service, labor, and access-related industries. House Bill 487 will now levy sales tax on 17 new industries that were previously exempt of charging sales tax including but not limited to:

Personal Property, dry cleaning, janitorial, pet grooming and boarding, veterinarian services, fitness and recreation facility fees and memberships, golf courses greens fees, country club memberships, extended warranties, landscaping, overnight trailer campground rentals, limousines, and bowling centers.

Beginning July 1, 2018 all places of business that offer these services will be required by law to collect and report sales tax on any service, labor, or access for any of the applicable items that they offer to clients/customers.

Fees include, but are not limited to: admission fees, initiation fees, monthly fees, and membership fees. Up until now, the only areas that our patrons/customers were charged sales tax on tangible items such as food and beverage, cart rentals, range balls, or merchandise. The MAC is affected by HB 487 in nearly all services that we offer. In June, we began to adjust pricing on most programs and daily fees to account for the tax changes on July 1st. There will be other small increases across programs and daily fees, but most adjustments have been made.

The area that we want to clarify on is membership. Beginning July 1st, all memberships will be required by law to pay the 6% sales tax. At this time, you should have received both a mailed and an electronic copy of what taxes are applicable to your membership.

If you have questions pertaining to HB 487, you can contact your local representatives.

Our Bermuda grass fairways are in, the greens are healthy and as a result we've seen even more play around the facility. We would like to thank our Golf Maintenance Staff for their diligence to get the course in its current condition.
