

The first month of the summer is here and it's starting to really look like it around the MAC. Traffic has picked up immensely around the MAC and we are seeing a great amount of participation at all of our facilities. On top of that, programs are doing excellent and summer camp participation is up again this year. To our members, guests, and program participants: Thank you for your support.

Membership

As we approach the active season for the pool and golf course, we would like to ask our members to please bring your assigned membership cards to all facilities while at the MAC. This is how we can best determine who should be granted access to all of the available amenities. While some of our staffers are familiar with our membership base, there are many part-time staff members who do not know all the faces of our members. If they ask you or a family member to scan in, or for you to present an ID, please realize they are only protecting the privileges that are purchased by MAC members. Ultimately, we want to provide the most enjoyable experience possible while assuring that we are collecting appropriate fees from guests of our members and public daily fee users. We thank you in advance for your cooperation in this process.

Summer Camps

Registration for MAC Summer Camps is underway. We are excited to build on the success of last year's programs for our 2019 camp offerings. Information about MAC Summer programming is available on our website and on Facebook.

Adult Fitness Programs

We have a few different offerings for adult fitness this summer:

Total Body Blast—Brittany Barr is teaching class on Tuesday Nights and Saturday Mornings

Spin Cycling—Aaron Greenwell Is teaching class on Wednesday Mornings.

Water Aerobics—Leigh Ann Lusk is teaching class on Thursdays in July.

Golf

Despite an extremely wet month of May the golf course has come a long way in the past couple of weeks and we are seeing the fruits of our labor. Please be mindful of the marked signage.

Ryder Cup

Our team from River Trace made a valiant effort in their attempt to retain the Ryder Cup against Doe Valley early in May. After being tied through 18 holes, Doe Valley's Home Course Advantage proved to be too much to overcome on the final 9. Thanks again to Bob Pollock for helping to get this event together.

Golf Camp: Junior Golf Camp will be held during the week of June 24-28. Additional information is available in our Summer Program Guide. Please be mindful of our Jr. Campers during the a.m. hours that week as they will be out on the practice areas and the golf course.

* We need to remind everyone that the golf course will only be as good as we treat it. We are seeing carts in areas that are not to be accessed. Please utilize cart paths when available and keep carts at least 50 feet from putting surfaces.

* Please keep carts out of wooded areas and tall native grass areas.
