

The month of June was extremely wet, and we are all cheering for July to give us opportunity to enjoy the outdoor facilities at the MAC. Despite mother nature's curveball, we had great numbers of check-ins along with continued growth of programs. As I write this, we have experienced the busiest day of the year at the pool and just had nearly 50 kids in golf camp. Throughout the newsletter you will notice the different programs and special events taking place soon. As valued members, we hope you take advantage and enjoy the many opportunities that the MAC has to offer you and your families.

*Thank you,
Aaron Greenwell
Executive Director*

General Reminders

- Please be mindful of your speed through the MAC parking areas. There are frequently pedestrians and golf carts around our property, and we would hate to see an accident.
- Please be sure to check in at all MAC Facilities before playing golf, tennis, swimming, or utilizing the fitness center.
- Your 24/7 Card is your INDIVIDUAL Card. It's not to be passed around, even to active family members.

Membership

As we approach the active season for the pool and golf course, we would like to ask our members to please bring your assigned membership cards to all facilities while at the MAC. This is how we can best determine who should be granted access to all of the available amenities. While some of our staffers are familiar with our membership base, there are many part-time staff members who do not know all the faces of our members. If they ask you or a family member to scan in, or for you to present an ID, please realize they are only protecting the privileges that are purchased by MAC members. Ultimately, we want to provide the most enjoyable experience possible while assuring that we are collecting appropriate fees from guests of our members and public daily fee users. We thank you in advance for your cooperation in this process.

Pool

The MAC pool has produced big crowds despite the wet weather, and we expect numbers to remain steady through the month of July.

June 1 – August 7: Standard Hours, 11:00 a.m. 6:00 p.m. (Pool Closed on Mondays)

August 8 – September 2: Schedule TBA

**Evening group swim Lessons will finish up this month. Water Aerobics will begin in July.*

** Children must be 12+ to attend the pool by themselves. Anyone under 12 must be accompanied by an adult, 16 and over.*

To schedule a Pool Party, please contact Taylor Bishop or Johnathon Ives

River Trace Golf

Despite the massive amount of rainfall we have received over the past month, the golf course is moving along nicely this season. Our Bermuda grass fairways are filling in, the greens are healthy, and the tee boxes are doing well with the new hybrid grass we have installed. WE LOOK FORWARD TO IMPROVING OUR DRIVING RANGE THIS MONTH WITH NEW ARTIFICIAL TURF THAT SHOULD BE IN PLACE BY THE MIDDLE OF JULY.

Golf Camp: Junior Golf Camp was held the last week of June. The camp was an overwhelming success and we were very pleased to see nearly 50 youngsters learning the game. Thank you to our volunteers who helped during our golf camp including: Bob Pollock, Tom Moore, Wayne Patterson, Bruno Ilario, Vi Barr, Avery Shacklette, Kelley Clark, Jessica Greenwell, Brady Pollock, and our staff members for putting on such a great week for our junior golfers.

CART PATH ONLY – If signs are posted for Cart Path Only for a Hole, they mean **CART PATH ONLY**. Far too frequently we see members and guests off the path on holes 2,5,7,9 even after significant rainfall and signs being posted. Our Golf Staff is simply trying to protect the golf course. If signs are posted and carts are not being driven appropriately, players may be asked to leave for the day. We are traditionally very lenient on cart rules, but we are constantly seeing golf carts in areas that they should never be.

- ALL PAR 3's ARE CART PATH ONLY ALL YEAR.
- HOLE NUMBER 7 SHOULD NEVER HAVE A CART RIDING THE HILL OR IN THE BOTTOM OF THE FAIRWAY
- CARTS SHOULD NEVER GET WITHIN 50 FEET OF THE PUTTING GREENS.

(Please adhere to all signs posted on the course, they are simply there to help protect it)
