

Spring has arrived and not a minute too soon! I'm sure that everyone is looking forward to getting back outside, though at the moment it seems like every other day is still filled with rain. The gym continues to see lots of new faces and we've seen many and new participants in our adult fitness programs. Golf & tennis traffic has picked up significantly over the last few weeks of March. This time of year is always hectic as we diligently prepare for the summer months ahead. We would like to welcome all of our new MAC Members and hope that you are progressing towards your wellness goals and enjoying recreation opportunities here on our campus.

Facility Updates:

We have taken care of quite a few things recently around the MAC. New fitness equipment was purchased and installed in January, the aeration of the greens took place in March, and we were able to reinstall the driving range net last week thanks to Meade County RECC. In addition, all of the sand traps were redone in March. We are still in the process of installing the new surge tank system at the pool which is a pretty large undertaking. We are hopeful that these projects will not cause any closures, but we are aware they may cause some inconvenience while they are being implemented.

- ◆ No children under the age of 6 should be on the fitness floor at any time.
- ◆ Parents and Guardians need to be aware of their kids at all times. Please assure minors are utilizing equipment properly and not using equipment for long periods of time while other adults are waiting.

Aquatics

The tentative opening day for the pool to open is Saturday May 24th. We will start prepping the pool including annual maintenance in early May provided the large construction is completed. We are excited for the 2024 season!

Swim Lessons

Group swim lessons will be offered again in 2025 and we're hopeful information will be available by early May. Be sure to check the website/facebook page for additional information.

Board Members

Jason Dupin and Elizabeth Arnold both recently rolled off the active list of MAC Board Members. Their tenure with the MAC was greatly appreciated and we will miss them. Two new board members were successfully voted in at the February meeting and we are happy to welcome Todd Blackburn and Sandy Dupin.

River Trace Golf

Our maintenance team has the golf course looking pretty good considering the winter that we experienced. They'll be working diligently to get the course ready for the first day of the River Trace / Doe Valley Scramble on April 12th. We still have some tree work to be performed by Shade Away in the next couple of weeks so please be mindful of any damaged trees while on the course.

USGA GHIN Handicap Fees

We are still accepting registrations/renewals for USGA Handicaps. Handicap Fees will be \$39 again in 2025. Anyone who DID NOT renew their handicap by March 30th was removed from the active roster.
